

Best Theatre Arts - Special Needs Policy

Best wants *all* children to benefit from what we have to offer. To achieve this, we need to know of any special needs a child has and to share this information, in confidence, with Partners

- Partners will be provided each term with a class list, together with confidential details relating to any special educational, medical, dietary or other needs any student has notified to us. Familiarise yourself with these. All this information is strictly confidential. At the end of the term/course all this information will be shredded.
- Premises are assessed for suitability to ensure they provide sufficient access for wheelchair users
- The Best Partnership will work with parents, carers and other bodies (such as the NSPCC) to be as inclusive as we can in all areas.
